To Whom It May Concern:

Global Freight Solutions, Inc. (GFS) has been the Southern California consolidation agent for Hawaiian Islands Freight Assn., Inc. since 1999. For the past 10 years, GFS has been an excellent partner of the Association offering creative solutions to increase profitability year after year. They are credited for increasing the Association's profits by more than 5% per year on an annual basis.

GFS has a very knowledgeable staff willing to go the extra mile to satisfy the membership. They are flexible in their policies and take great pride in performing their service. Along with their high service levels, they have created a reasonable pricing structure that allows the Association to offer cost-effective transportation solutions to its membership.

Every year GFS creates new programs to enhance the services of the Association. It is my Vision to offer as many low-cost, reliable services to our membership. Without GFS, that would not be possible.

Sincerely,

Jan Oshiro
General Manager
