To Whom It May Concern:

I am writing this letter to highly recommend Global Freight Solutions as an outstanding logistics provider. Over the last year, I have had the opportunity to work on many projects with Jason Fletcher and Jason Molino of GFS and during that time they have always provided me with excellent service and the highest level of professionalism.

In my position as Location Services Coordinator for Sony Pictures Studios, I have constant interaction with many freight and logistics providers. Global Freight has always been a pleasure to deal with. On many occasions, they have proven to be great under pressure and their outstanding knowledge has gotten our projects completed during very trying deadlines. GFS has worked on projects for Sony Pictures such as PINK PANTHER 2, YEAR ONE, THE BEAST, WHEEL OF FORTUNE, AMERICA and BREAKING BAD just to name a few. They have always been detail oriented and are not afraid to take on extra responsibility to help out a client or complete a task whether domestically or internationally. I am one hundred percent positive that they will be a great asset to your department and company.

If you wish to speak with me regarding Global Freight Solutions or this reference please feel free to contact me at 310-344-6693. I would be more than happy to speak with you.
